Working width	30 in (76cm)
Area performance up to	51, 666 sq ft/h (4.800m <sup>2</sup> /h)
Working speed, up to	4mph (6,5km/h)
Vacuum	69.5 Cfm (118m <sup>3</sup> /h)
Waterlift	69 in (170mbar)
Drive motor	1hp (800W)
Plate brush motor	1hp (820W)
Brush motor	2(1hp) (2x820W)
Vacuum motor	3/4hp (550W)
Solution/Recovery tanks	30. G (116/116 L)
Number of brushes	2
Brush diameter	15" (38cm)
Brush revolutions rpm	195
Brush pressure	110 lbs (50kg)
Length with squeegee	65in (166cm)
Height	57 in (144cm)
Width with squeegee	38 in (96cm)
Width without squeegee	31.5 in (80cm)
Turning circle in aisles	66.5 in (169cm)
Weight without batteries	750 lbs (340kg)
Weight with batteries	1,578 lbs (716kg)

Specifications subject to change without notice.

## Typical Applications

- Retail Outlets/Malls
- Stadiums/Arenas
- Municipalities
- Universities
- Government Buildings
- Distribution/Warehousing
- Food and Beverage
- Light Manufacturing
- Transportation Facilities
