**PORT A SCRUB 14** | 14" COMPACT SCRUBBER

# PORT A SCRUB 14 | PRODUCT FEATURES

The Port A Scrub 14 is a machine that cleans and recovers cleaning solution all in one pass in forward or in reverse. The machine has enclosed maintenance-free batteries and an on-board charger located on the battery trolley pack. The battery unit is "A battery" and not cord electric. Powered by the batteries, the scrubber will have up to 45 minutes of running time. It features unique dual articulated squeegees that allow for open area or close quarter cleaning. This scrubber also includes 780 RPM 14" dual counter rotating brushes with 60 pounds of brush down pressure that can remove heavy soil on smooth and three dimensional floors. The Port A Scrub 14 features an ergonomically adjustable column and handle that collapses for simple storage and a storage setting to protect the brushes and squeegees while not in use. It has a three switch operation panel that includes moisture resistant switches. This scrubber possesses quick fill and draining capabilities with automatic solution and brush shut-off. The Port A Scrub 14 offers multiple brush styles and is an active vacuum system that can tackle the toughest jobs and leaves your floors virtually completely dry.
