THE CARPET RESTORATION SOLUTION

The NEW Rush Series of heated, portable carpet extractors takes carpet restoration to the next level.

The Rush is a compact and powerful solution to tough carpet restoration problems. With features like dual vacuums for optimum water recovery, up to 500 psi for serious cleaning power and optional heat to help dissolve those tough greasy spots, the Rush Series from Minuteman gets the job done quickly and effectively.

Durable polyethylene construction stands up to even the most rigorous jobs while the compact/lightweight design makes the Rush easy to transport by one person and easy to fit in the van or storage closet.

Increase your productivity on those tough carpet restoration jobs with the NEW Rush from Minuteman, where excellence meets clean.

Rush Series

Portable, Heated Carpet Extractors

Features & Benefits

- Heat-ready extractors offer the ultimate in cleaning performance
- The external heater is easily installed or removed for easy maintenance, and keeps heat away from the motor compartment
- Upright-mounted motors along with a special intercooler guarantee long life and durability
- Standard 5-gallon bucket fits under drain valve for easy emptying
- Easily opens with two screws for easy servicing
- Easy access top-mounted switches
- Sealed motor cavity protects electronics from water damage
- Convenient back mounted components make it easy to maneuver the machine out of the way while cleaning
- Large rear wheels protect all the components from damage during transport
- 3 sides are totally free of fittings so it's easy to load without damage on either side, the front or on its wheels with the casters locked
- Twist lock cord allows you to drop the cord in place and wheel the machine to a drain or toilet to fill or empty
